**BAJA 420**

Baja's top-of-the-line performance boat is Generations Ahead of its nearest competitor. Compare workmanship. Compare performance. Compare interior comfort. We agree, there is no comparison. The 420 combines sleek lines with stand up headroom in the cabin. In the engine compartment, twin big blocks are standard, but the option of choice is triples. And for good reason. With triple 465 big blocks, you've got a boat that runs effortlessly in any kind of water at 70 mph. In the cabin, you'll feel right at home with a full galley, microwave oven, generator, custom cabinetry and an entertainment center. On the dash, you'll find a high quality compass and premium Kiekhaefer controls.

- Length Overall **42'6"**
- Beam (Max.) **9'3"**
- Weight \* **12250 lbs.**
- Draft **46"**
- Deadrise at Transom **24°**
- Fuel Capacity **270 gal.**
- Passenger Capacity **9**
- Sleeping Capacity **4**
